

**THA SUB-GROUPS (CIRCLES)**

Proposal for new Group:

1<sup>st</sup> Draft

**ENVIRONMENTAL AWARENESS GROUP (EAG)**

To incorporate the activities of the previous (currently defunct) "Tree Group", expanding those interests to cover other environmental awarenesses considered important to and in the fabric and energies of The Park and its immediate locality.

To protect the 'status quo' and the 'historical spiritual development' of this spiritually based intentional community & eco-village by enabling proper 'awareness' and 'attunement' to proceed all environmentally changing actions that may be considered by the THA and its individual members.

To advise THA on matters that could detrimentally effect the local environment, the essence & energies, and the 'life' of all sentient beings of The Park and its 'connected' environs.

Examples of Topics for Awareness/Concern:

- Trees – planting, managing, removal, effects (wild-life, elementals)
- Boundaries – impact, energies, effects (wild-life, elementals)
- Earth Energies – awareness, respect, marking (stones, circles).

Working in close connection with the "Co-creation with Nature Group" (CNG) and in connected co-operation with PPG (representation on PPG).

The Aim would be to remove, or at least reduce, damaging impact on the environment within The Park, particularly when unaware actions, once made, are then irreversible.

Some Past Examples:

- Trees (now mature) planted in inappropriate places
- Trees felled or managed without full awareness of impact & consequences
- Constructions and Services on/through Earth Energy Flows without awareness
- Removal of Earth Energy 'markers' without awareness.

Procedures need to be put in place to ensure that the Group is fore-warned of any envisaged change to the 'status quo' that could require its 'awareness' and subsequent advice.

Application and referral through PPG is the best considered current route.

Possible initial group members (to set up): Kajedo W (FF), Craig G (ref last THA Mtg), John M, Fabien B (CNG), Lesley D.
