

Dear Ones,

Sadly, we need to notify you that In order to support the effort in reducing exposure to the Coronavirus, and in order to reduce the heavy expense that comes with running the Hall, the Foundation has decided to close the Universal Hall effective immediately, until further notice. This is part of a series of measures, including cancelling all of our workshops and events for the time being.

These are difficult times, and we are embracing the opportunity for inner growth and transformation that comes with a period of crisis.

With love and wishes for our continuing well-being,
RJ
